

An abstract graphic consisting of numerous thin, concentric white circles on a black background. A single, larger solid white circle is positioned on the right side, partially overlapping the concentric circles.

Design your concept

March 20 – May 1

The Design Concept is the idea. Showcase your hacks, logs, drawings, and diagrams. Present a problem and pitch an answer that will change the world. Create a new device, develop a way for humans to interact across the sea, explore the unexplored. How you solve the problem and map out your theory and concept is how you will be judged.
