

United Nations Sustainable Development Goal 3

Ensure healthy lives and promote well-being for all ages

Neonatal mortality

2015
19 per 1000

Target for 2030

< 12 per 1000 in all countries

Preterm births

< 37 weeks
gestational age

1 out of **10**
babies are born preterm

1st cause
of neonatal death

2/3 of preterm
births happen in low
income countries

3 out of **4** preterm

deaths

could be avoided even
without neonatal
intensive care
